

# Tribolube KO<sup>2</sup>

## TRIBOLUBE KO<sup>2</sup> PERFLUOROPOLYETHER SOLVENT

TRIBOLUBE KO<sup>2</sup> solvent is a low molecular weight Perfluoropolyether (PFPE) designed for use as a solvent for Perfluoropolyether (PFPE) greases. Tribolube KO<sup>2</sup> is formulated to be compatible and completely miscible with all PFPE fluids in a wide range of temperatures. In addition to being used as an excellent solvent, Tribolube KO<sup>2</sup> can also act as a diluent in the application of more viscous PFPE fluids and greases. Tribolube KO<sup>2</sup> is LOX/GOX compatible and safe for use in oxygen service applications.

Typical properties are as follows:

TEST	Typical Test Results
ODP (Ozone Depletion Potential)	ZERO
Typical Boiling Point °C	90
Flash Point °C	None
Density @ 25°C (g/cm <sup>3</sup> )	1.69
Surface Tension @ 25°C (dyne/cm)	14
Viscosity @ 25°C (cSt)	0.75
Vapor Pressure @ 25°C (torr)	100
Heat of vaporization at boiling point (cal/g)	17
Solubility in water [ppm(wt)]	14
